

## More than 8 in 10 Seniors Are Satisfied with Part D

**Each year, Medicare Today conducts a nationwide survey to find out how seniors feel about their coverage of prescription medications through Medicare. This year, the Senior Satisfaction Survey found that more than a decade after the program was first implemented, beneficiaries are still overwhelmingly satisfied with the coverage Part D provides.**

- According to the survey results, 91% of seniors say their prescription drug plan is convenient to use while 84% report that their plan works well.
- Seniors also feel they are getting coverage at a good price. The survey found that 81% of seniors think their prescription drug plan is a good value.
- 83% of seniors report that having a variety of Medicare Part D prescription drug plans to compare and choose from is important to them.

84% of seniors would recommend that a friend or family member consider enrolling in Part D

*Methodology: This poll was conducted by Morning Consult from August 1 – August 3, 2018, among a national sample of 2,001 seniors who are Medicare Part D recipients. The interviews were conducted online and the data were weighted to approximate a target sample of seniors based on age, race/ethnicity, and gender. Results from the full survey have a margin of error of plus or minus 2 percentage points.*
